#### New Business:

- Scholarship fund needs to be set for the 24/25 school year. John proposed 2 scholarships at \$1000 each. After discussion it was determined 4 scholarships at \$500 each would better serve the students. Brian Motioned to approve, Brei second. Motion passed.
- We need to start planning for next year. A lot of members have seniors graduating. Different coordinators would be better than one person doing it all.
- Budget adjustments are as follows - \$800 drum major camp wasn't utilized, \$400 budgeted for waterproofing wasn't needed, \$300 in gas reimbursement for trucks isn't needed. John proposed redistributing this money to rent a truck for competitions and away games. He priced out rentals including mileage for each event. Total rough estimates were as follows: Penske was \$1985, Budget was \$1123, Minters was \$965.

Brei motioned to move the \$1500 of now unbudgeted funds to truck rental. Brian second. Motion passed.
